

## Free E-waste Recycling

The ***Rutland County Solid Waste District*** is pleased to announce that we will be a registered collector under Vermont's new E-waste Recycling Program. Vermont's electronic waste law banned the disposal of electronic waste starting January 1, 2011 and will provide convenient collection of certain electronic waste around the State starting July 1, 2011.

**The following entities are able to drop off some of their electronics for free:**

- ❖ Individual Households
- ❖ Businesses with up to 10 Employees\*
- ❖ Public School Districts\*
- ❖ Charities
- ❖ Anyone dropping off seven (7) covered items only. Covered items are printers, TV's, computer monitors, computer towers and peripherals. If there are more than 7 then charges will apply.

\*Please note that we ask that schools and businesses call the RCSWD main office at 775-7209 to make arrangements before dropping off any electronics. Based on the volume that these entities can produce, the District recommends bringing these items down to the main office.

Haulers transporting E-waste from other generators, businesses with more than 10 employees and all others must still pay the standard recycling fees.

**The items that the above listed entities can drop off for free include:**

- TVs
- Computers
- Computer Monitors
- Computer Peripherals (mouse, keyboard, speakers, scanner, external hard drive, computer speakers, etc.)
- Tabletop Printers (including all-in-one machines that print/fax/scan) No floor models.

**What about the rest of my E-waste?**

**All other E-waste** not listed above will still be accepted but there will be a recycling fee that applies. Note: All other E-waste cannot go in the trash and cannot go into the metal pile.

**THERE IS A MINIMUM CHARGE OF \$2.00 PER ITEM for those items (but not limited to) listed below.**

### ELECTRONICS SUCH AS

- Cordless phone/Charger
- Answering Machine
- Digital TV Converter Box
- Video Game Console
- Very Light Equipment (small CD players/radios, etc.)
