

DISTRICT SERVICES TO TOWNS

SOLID WASTE PLANNING

Administrative, negotiations, reporting, monitoring, enforcement and awareness/information dissemination associated with achieving the solid waste goals that communities would otherwise have to undertake individually.

- Quarterly Reports
- Transfer Station Certifications
- Operation of a Regional Transfer Station
- Household Hazardous Waste Management (year round program).
- Program-based data collection (e-waste, textiles, books, etc).
- Attendance and participation in solid waste meetings, forums, workshops, and initiatives
- Hauler licensing and compliance enforcement
- District support to schools (recycling, education, composting)

PROGRAM DEVELOPMENT

Program development and implementation of initiatives set out in the District solid waste implementation plan that meets state goals which include:

- Pursue grant funding
- Development of new programs
 - Electronics
 - Textiles
 - Compost
 - Special Waste
 - Revenue sharing: Metal and recycling
 - Asbestos management
 - Hardcover Books
